

# Smart Management Box SMBOX01 Series

### **Features**

- Integrated design, combining the SMSERVER, smart power management module, power supply switch, heater, fan, and warning light into one. Most IPC and IP Speaker models can be installed on the smart management box.
- Users can remotely monitor the working status of the smart management box and its loaded devices and receive alarm notifications via mobile app and EZCloud.
- Supports automatic restart of power port for network devices. When the smart management box detects a network disconnection, it will automatically power off the network devices and restart them.
- Supports manual restart of PoE port. If devices such as IPC or IP Speaker are faulty, users can manually restart the PoE power output port of the cloud management server via mobile app and EZCloud.
- Equipped with surge protector, circuit breaker, and software protection function, forming a three-layer protection mechanism to effectively resist risks such as lightning, short circuit, overvoltage, and overcurrent.
- Integrated design eliminates the need for manual wiring, simplifying installation for users.

# **Specifications**

| Model                           | SMBOX01-R-US   | SMBOX01-R-EU       |
|---------------------------------|--|--------------------|
| Power Input                     |  |                    |
| Input Type                      | AC 100 V to 240 V  |                    |
| Input Port                      | 3-pin Connector, For the final installation, a UL 489-certified, 20-ampere circuit breaker must be |                    |
|                                 | be installed at the front end.   |                    |
| Power Output                    |  |                    |
| Socket                          | 1-ch 5A, US socket   | 1-ch 5A, EU socket |
| DC 12V                          | 1-ch 2.5A, DC5521, Used for powering the router  |                    |
| PoE                             | 8 RJ45 10M/100M self adaptive Ethernet Interface   |                    |
| PoE Power                       | Max 30 W for single port, Max 75 W in total  |                    |
| PoE Standard                    | IEEE 802.3at, IEEE 802.3af   |                    |
| Dedicated Power Interface (Pre- | Wired Internal Cabling)  |                    |
| Fan Power Interface             | DC12V, 2.5A  |                    |
| Heater Power Interface          | AC 100 ~ 240V to DC 12V, 8A  |                    |
| NVR Power Interface             | AC 100 ~ 240V to DC 48V, 2.3A  |                    |
| Router Power Interface          | DC12V, 2.5A  |                    |
| Warning Light Power Interface   | DC12V, 2.5A  |                    |
| Function                        | ·  |                    |
|                                 | Overvoltage and Overload Protection, Power Information Collection, Power Switch                    |                    |
| System Functional               | Detection, Power Switch Control, Thermostatic Fan, Thermostatic Heater, Automatic Network          |                    |
| Description                     | Restart, Door Open Detection, Warning Light, Fault Reporting and Analysis                          |                    |
| SMSERVER                        |  |                    |
| Decoding Format                 | Ultra 265, H.265, H.264  |                    |
| Decoding Capability             | Smart Off: 2 x 16MP@30, 2 x 12MP@30, 4 x 4K@30, 8 x 4MP@30   |                    |
|                                 | Smart On: 2 x 12MP@30, 2 x 4K@30, 6 x 4MP@30, 8 x 3MP@30   |                    |
| Audio Compression               | G.711A, G.711U   |                    |
| Bandwidth                       | 80 Mbps  |                    |
| Protocols                       | TCP/IP, P2P, NTP, DHCP, PPPoE, HTTP, HTTPS, DNS, DDNS, SNMP, SMTP, RTSP, IPv6, IPv4                |                    |
| IP Video Input                  | 8-ch   |                    |
| FTP/Schedule/Event              | 4-ch snapshot (max. 8 MP (3840 × 2160) video resolution, with 1080P snapshot resolution)           |                    |
| Snapshot                        |  |                    |
| Recording Resolution            | 16 MP/12 MP/8 MP/6 MP/5 MP/4 MP/3 MP/1080P/960P/720P/D1/2CIF/CIF                                   |                    |
|                                 | Face Detection, Face Comparison, Vehicle Detection, SIP (Intrusion Detection, Cross Line           |                    |
|                                 | Detection, Enter Area, Leave Area), Ultra Motion Detection (UMD), Temperature Detection (Fire      |                    |
| Smart by IPC                    | Detection, Smoking Detection, Temperature Measurement, Smoke and Fire Detection), People           |                    |
|                                 | Counting (People Flow Counting, Crowd Density Monitoring), Video Metadata, Traffic Monitoring      |                    |
| Smart by SMBOX                  | Face Detection, Face Comparison, Ultra Motion De   |                    |
| ,                               | Face Snapshot Search, Face Comparison Search,  |                    |
| VCA Search                      | Search, Human Body Search, General Search, People Counting Report, Heat Map, SmartSearch+,         |                    |
|                                 | AcuSearch  |                    |
| by SMBOX with face detection    | 8-ch   |                    |

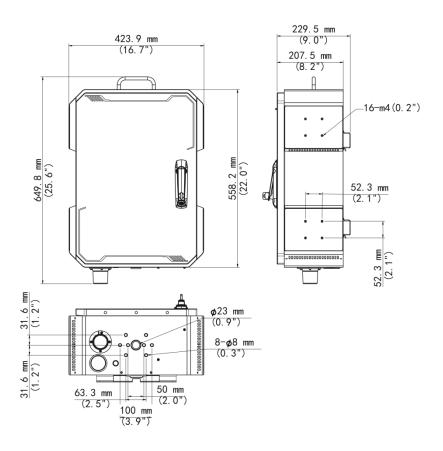

| cameras                      |   |  |  |
|------------------------------|---|--|--|
| by SMBOX with normal         |   |  |  |
| cameras                      | 2-ch  |  |  |
| Vehicle Picture Library      | Up to 5 vehicle picture libraries, with up to 25,000 vehicle pictures in total  |  |  |
| SIP by SMBOX                 | 4-ch  |  |  |
| UMD by SMBOX                 | 8-ch  |  |  |
| Capacity of Snapshot Records | 500 thousand records for face snapshot, One and a half millions records for SIP and vehicle   |  |  |
| General Alarm                | Defocus Detection, Scene Change Detection, Object Left Behind, Object Removed, Auto Tracking, Motion Detection, Tampering, Human Body Detection, Video Loss, Alarm Input, Audio Detection                   |  |  |
| Alert Alarm                  | IP Conflict, Network Disconnected, Disk Offline, Disk Abnormal, Illegal Access, Hard Disk Space Low, Hard Disk Full, Recording/Snapshot Abnormal, Array Damaged, Array Degraded                             |  |  |
| Network Interface            | 1 RJ45 10 M/100 M/1000 M self-adaptive Ethernet Interface   |  |  |
| USB                          | 1 × USB2.0, 1 × USB3.0  |  |  |
| ONVIF                        | Support   |  |  |
| Hard Disk                    |   |  |  |
| Hard Disk                    | 1 x SATA interface, up to 16TB HDD (2.5" or 3.5"), or up to 4TB SSD (2.5")  |  |  |
| Power Lightning Protector    |   |  |  |
| Maximum discharge current    | 40 kA   |  |  |
| Rated discharge current      | 20 kA   |  |  |
| Response time                | L-PE ≤ 25 ns, N-PE ≤ 25 ns  |  |  |
| General                      |   |  |  |
| Surge Protection             | 6 kV  |  |  |
| Working Temperature          | When using HDDs: -40 °C $$ to 60 °C (-40 °F to 140 °F); When using SSDs: -40 °C to 70 °C (-40 °F to 158 °F)   |  |  |
| Working Humidity             | ≤ 90% RH (non condensing)   |  |  |
| Weight (Without Camera)      | ≤ 16 kg (35.27 lb)  |  |  |
| Dimensions                   | 650 (H) × 424 (W) × 230 (D) mm  |  |  |
| Slot dimensions              | The space has a depth of 55mm and a width of 190mm for installing a 4G router, Select a 4G router with DC 12V round plug power supply, total power consumption not exceeding 30W, and at least 2 LAN ports. |  |  |
| Rating                       | IP56, Custom stainless-steel enclosures available to meet NEMA 4X requirements.   |  |  |
| Certification                | CE-EMC, FCC   |  |  |
| Consumption                  |   |  |  |
| No-load power consumption    | At ambient temperature of 25°C: 13.7 W (No HDD, No HDD heating, No Heater, No Fan, No Alarm Light)  |  |  |
| Full-load power consumption  | At ambient temperature of 25°C: 247.2 W (16T HDD, HDD Heating, Heater, Full POE Output (75W), Fan, Alarm Light)   |  |  |
|                              | At ambient temperature of 25°C:   |  |  |
| SMSERVER power               | ≤8W (No HDD+ No POE Output)   |  |  |
| consumption                  | 96.5W (Full POE Output + 16T HDD)   |  |  |
|                              | 122.2W (Full POE Output + 16T HDD + Heating Film)   |  |  |

3

| Adaptable Mounting Bracket |  |  |
|----------------------------|--|--|
| Left side                  | Up to 2 units can be installed, supporting TR-JB07/WM03-F-IN-V2, TR-JB07/WM03-G-IN-V2, TR-JB07/WM03-H-IN-V2, TR-JB07/WM04-B-IN-V2, TR-JB05-B-IN or TR-JB07-D-IN-V2 |  |
| Right side                 | Up to 2 units can be installed, supporting TR-JB07/WM03-F-IN-V2, TR-JB07/WM03-G-IN-V2, TR-JB07/WM03-H-IN-V2, TR-JB07/WM04-B-IN-V2, TR-JB05-B-IN or TR-JB07-D-IN-V2 |  |
| Bottom                     | Up to 1 unit can be installed, which cannot be installed simultaneously with the IP Speaker and supports TR-UF45-A-IN (Only 4-inch PTZ)                            |  |
| Тор                        | Support the installation of an IP speaker, no mounting bracket required.   |  |
