About This Manual

- This manual is intended for multiple product models, and the photos, illustrations, descriptions, etc, in this manual may be different from the actual appearances, functions, features, etc, of the product
- This manual is intended for multiple software versions, and the illustrations and descriptions in this manual may be different from the actual GUI and functions of the software.
- Despite our best efforts, technical or typographical errors may exist in this manual. Uniview cannot be held responsible for any such errors and reserves the right to change the manual without prior
- Users are fully responsible for the damages and losses that arise due to improper operation.
- Uniview reserves the right to change any information in this manual without any prior notice or indication. Due to such reasons as product version upgrade or regulatory requirement of relevant regions, this manual will be periodically updated.

Battery Use Caution

- When battery is used, avoid:
 Extremely high or low temperature and air pressure during use, storage and transportation.
- ➤Battery replacement.
- Use the battery properly. Improper use of the battery such as the following may cause risks of fire, explosion or leakage of flammable liquid or gas.
- ➤Replace battery with an incorrect type;
- Dispose of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery;
- Dispose of the used battery according to your local regulations or the battery manufacturer's instructions.

LVD/EMC Directive

This product complies with the European Low Voltage
Directive 2014/35/EU and EMC Directive 2014/30/EU.

Waste Electrical & Electronic Equipment (WEEE) Directive

and must be disposed of in a responsible manner. Battery Regulation- (EU) 2023/1542

Safety Warnings

The device must be installed, serviced and maintained by a trained professional with necessary safety knowledge and skills. Before you start using the device, please read through this guide carefully and make sure all applicable requirements are met to avoid danger and loss of property.

requirements are met to avoid danger and loss of property. Storage, Transportation, and Use Store or use the device in a proper environment that meets environmental

- requirements, including and not limited to, temperature, humidity, dust, corrosive gases, electromagnetic radiation, etc.

 Make sure the device is securely installed or placed on a flat surface to
- prevent falling.
 Unless otherwise specified, do not stack devices.
- Ensure good ventilation in the operating environment. Do not cover the vents on the device. Allow adequate space for ventilation.
- Protect the device from liquid of any kind.
- Make sure the power supply provides a stable voltage that meets the power requirements of the device. Make sure the power supply's output power exceeds the total maximum power of all the connected devices.
- Verify that the device is properly installed before connecting it to power.
 Do not remove the seal from the device body without consulting Uniview first. Do not attempt to service the product yourself. Contact a trained professional for maintenance.
- Always disconnect the device from power before attempting to move the device.
- Take proper waterproof measures in accordance with requirements before using the device outdoors.
 Power Requirements
- Install and use the device in strict accordance with your local electrical safety regulations.
 Use a UL certified power supply that meets LPS requirements if an adapter is
- used.

 Use the recommended cordset (power cord) in accordance with the specified
- Only use the power adapter supplied with your device.

ratings

Use a mains socket outlet with a protective earthing (grounding) connection.

Ground your device properly if the device is intended to be grounded. Avertissement de l'utilisation de la batterie

- Lorsque utiliser la batterie, évitez:
 Température et pression d'air extrêmement élevées ou basses pendant l'utilisation, le stockage et le transport.
- ➤ Remplacement de la batterie.

 Utilisez la batterie correctement. Mauvaise utilisation de la batterie comme celles mentionnées ici, peut entraîner des risques d'incendie, d'explosion ou de fuite liquide de eaz inflammables.
- ➤ Remplacer la batterie par un type incorrect;
 ➤ Disposer d'une batterie dans le feu ou un four chaud, écraser mécaniquement ou couper la batterie.
- Disposer la batterie utilisée conformément à vos règlements locaux ou aux instructions du fabricant de la batterie.

Regulatory Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Visit http://en.uniview.com/Support/Download_Center/Product_Installation/D eclaration/ for SDoC.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class A digital device, pursant to part 15 of the FCR buts. These limits are designed to provide reasonable protection against harmful interference when the equipment to generated in a commercial environment. This equipment generates, uses, and can adulte radio frequency energy and, find installed and used in accordance with the instruction manual, may cause harmful interference and the control of the control of the control of the control of the likely to cause harmful interference in which case the user will be required to correct the interference at his way except.
