

EZStation 3.0 Datasheet

EZStation 3.0

Features

- Unified management for Uniview's encoding devices, decoding devices, cloud devices, network keyboards, and access control devices, etc.
- Efficient device management: automatic device discovery (or search by network segment); add devices by IP address/domain name; add devices by EZDDNS; add devices and sync device time in batches.
- Diverse functions:
 - Live view: scene, split screen, auxiliary screen display, corridor mode, sequence display, instant playback, fisheye dewarping
 - Recording: local recording, scheduled recording, recording download
 - Playback: synchronous/asynchronous playback, smart recording playback, event recording playback, and VCA recording playback, search recordings, play back recordings on SD card
 - PTZ control: preset, preset patrol, recorded patrol, auto guard
 - Audio: camera audio, two-way audio
 - Alarm: service alarm (event alarm, VCA alarm), device alarm (online/offline, etc.), alarm linkage (live view, etc.), real-time/history alarm management
 - People counting: people flow counting in a specific area, crowd density monitoring, export statistics by week/month
 - E-Map: hot spot, hot zone, eagle eye, live video, map alarm, e-map of cloud devices
 - Video wall: live view, sequence display and playback on video wall, alarm to video wall, open window(s) by one click, open window(s) by coordinates, auto-bind decoding channel, multi-window for one decoding channel, save and switch scene, small pixel pitch LED, virtual LED
 - Perimeter protection: real-time monitoring, report perimeter alarms in real time, search alarm videos and images of cross line detection, intrusion detection, enter area detection, and leave area detection
 - Face detection: live view image, real-time face snapshot and comparison, alarm records, face library management and monitoring tasks, body temperature measurement, Smart detection, search and export NVR records, search pass-through records by images
 - Access control: remote door opening, Smart detection alarm, abnormal body temperature alarm, search and export entry/exit records

Zhejiang Uniview Technologies Co., Ltd.

No. 369, Xietong Road, Xixing Sub-district, Binjiang District, Hangzhou City, 310051, Zhejiang Province, China (Zhejiang) Pilot Free Trade Zone, China
